Creation and collapse mechanism

Gravity reverses, one by one, everything the other forces built

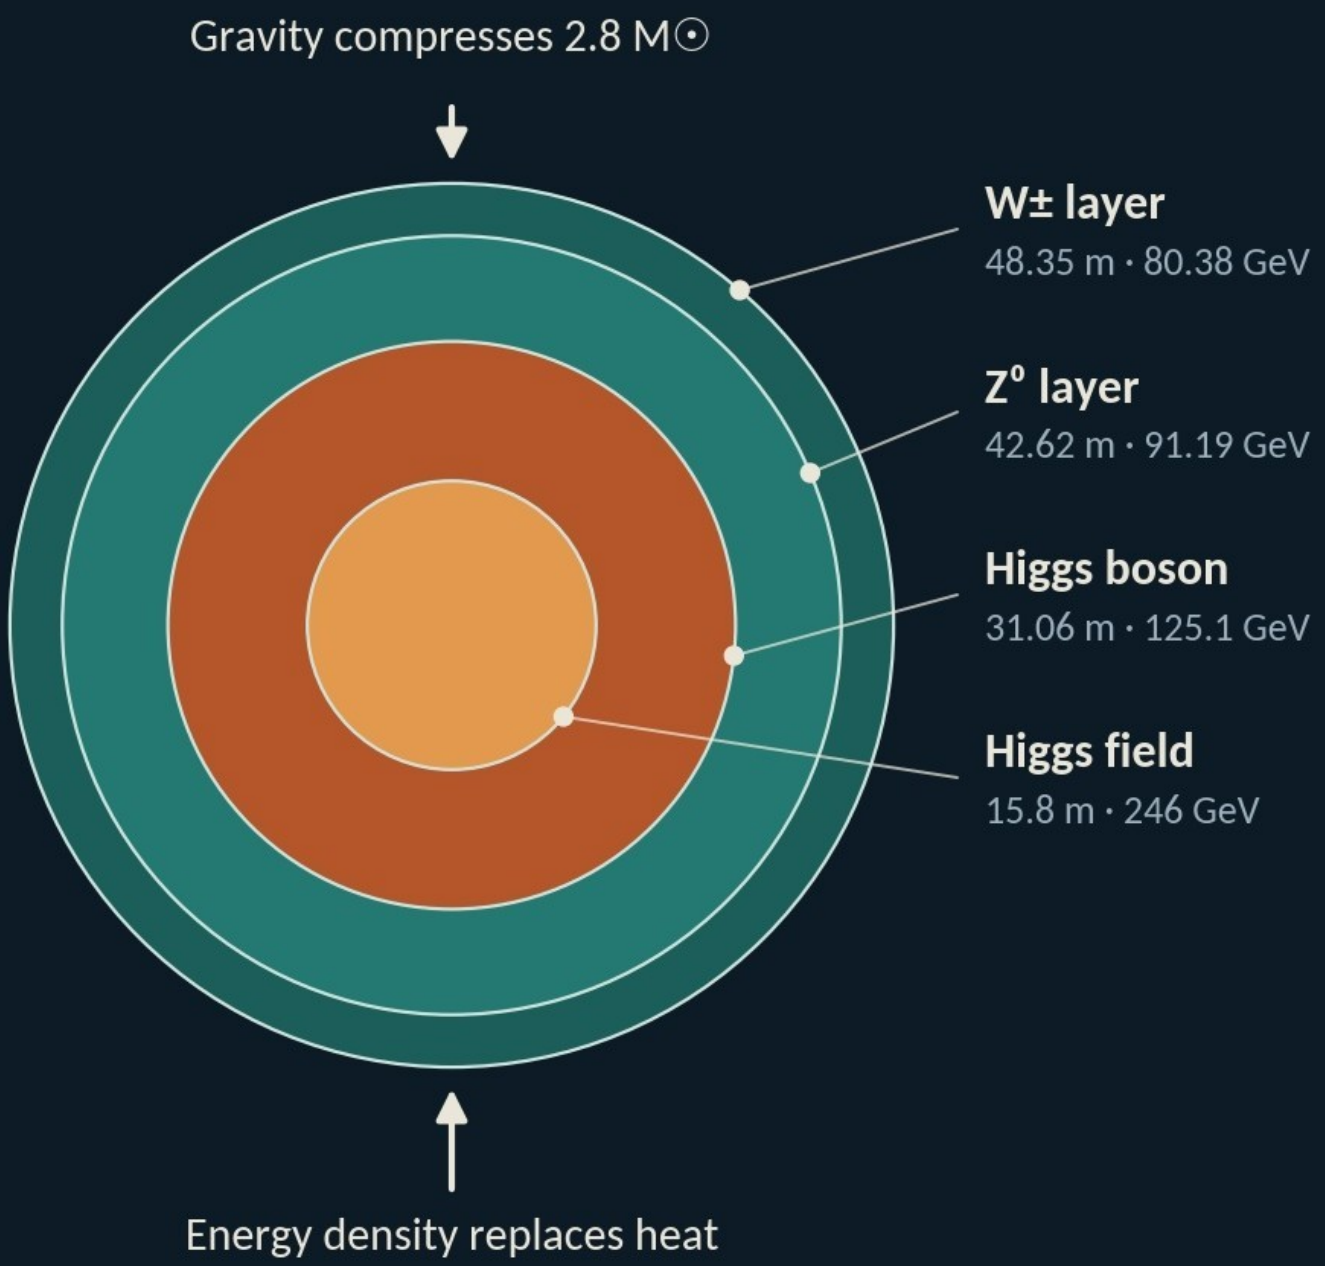

Concept: Marcin Słowik, ORCID 0009-0004-6707-4546

Mechanizm tworzenia i kolapsu

https://doi.org/10.5281/zenodo.22232949

Finite-core hypothesis, 2.8 M⊙

Gravitational compression replaces temperature

Open problem: energy density is still about 10^2–10^3 below the 246 GeV scale.

Hipoteza skończonego (okrągłego) rdzenia
